SPRAY AID™

PLEASE READ LABEL AND SAFETY DATA SHEET
COMPLETELY BEFORE USE

**Combustible liquid. Keep away from heat/sparks/
open flames/hot surfaces. Harmful if swallowed.
Causes serious eye irritation. Hazardous to
terrestrial vertebrates.**

**THIS PRODUCT MUST NOT BE USED FOR ANY
PURPOSE OR ANY MANNER CONTRARY TO THIS
LABEL.**

FIRST AID: Call a POISON CENTRE or doctor/physician if you feel unwell. If medical advice is needed, have product container or label at hand.

IF SWALLOWED: Rinse mouth. Immediately call a POISON CENTER/Doctor.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.

IF ON SKIN: If skin irritation occurs, get medical advice/attention.

IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing.

**24-hour Emergency Telephone Number for advice
contact the National Poisons Centre – 0800 POISON
(0800 764 766) – or a doctor, immediately.**

**For specialist advice in an emergency only,
call 0800 CHEMCALL (24hrs) or 0800 243 6225.**

In a transport emergency dial 111.

STORAGE & TRANSPORT: Store in a cool, well ventilated place.

HANDLING ADVICE: Wear gloves and face protection. Do not breathe spray. Do not eat, drink or smoke while using this product. Wash hands and exposed skin thoroughly after handling. Take off contaminated clothing and wash before reuse. Use only outdoors or in a well ventilated area. In case of fire: use dry powder, foam, water or water mist to extinguish.

SAFETY DATA SHEET: A Safety Data Sheet is available from Grochem or www.grochem.com

DISPOSAL: Product disposal: Reprocess or burn in an approved incinerator in accordance with all local regulations at an approved waste disposal facility. Do not contaminate water supplies/pollute public waters. Do not flush to sewer. **Container Disposal:** Rinse container into spray tank. Recycle empty container with Agrecovery.

CONDITIONS OF SALE: As no control can be exercised over the manner in which or the conditions under which this product is used, all conditions and warranties expressed or implied, other than those required by statute are excluded. No responsibility will be accepted for any damage or injury whatsoever arising from the storage, handling, application or use of this product.

Approved Pursuant to the HSNO Act 1996, Additives, Process Chemicals and Raw Materials (Combustible) Group Standard, No HSRO02490. See www.epa.govt.nz for approval conditions.

DIRECTIONS FOR USE:

Spray Aid is a water soluble, non-ionic spreader-activator for use in improving the effectiveness of foliar applied plant growth regulators or streptomycin. The addition of Spray Aid minimises the differences in NAA absorption resulting from different environmental conditions and enhances the uptake under conditions normally unfavourable for adsorption.

APPLICATION RATES: The use of Spray Aid will range from 65mL to 250mL per 100L of spray solution. Always follow the label directions for the product being used.

The following rates are suggested:

| SPRAY | RATE/100L |
|------------------------|-----------|
| Ambitious | 125-250ml |
| BAPSoL | 125-250ml |
| Ethin, Ethryl, Ethepon | 250ml |
| GIB-47 | 100ml |
| Growth, Ga-3 | 100-250ml |
| Meteor | 125ml |
| NAA 100/ANA | 200-300ml |
| NAA plus Carbaryl | 200ml |
| Streptomycin | 125-250ml |
