| <b>Emergency Procedures:</b> <b>24hr Emergency No. 0800 CHEMCALL (243 6225)</b><br>Australia 1800 127 406 Other locations +64 4 917 9888  |  |  |                             |                                     |  |                                     |
| <b>Vehicle</b>  | Switch off engine and electrical equipment. Keep people away and warn traffic. Check for spills/leaks. Call emergency services.  |  |                             |                                     |  |                                     |
| <b>Spill</b>  | Use gloves and avoid contact with material. Stop leak if safe to do so. Contain spillage and prevent run-off entering water supplies.  |  |                             |                                     |  |                                     |
| <b>Fire</b>   | Not significantly flammable. Keep containers cool if near to fire. Use media appropriate to flammable materials involved.  |  |                             |                                     |  |                                     |
| <b>First Aid Actions: If medical advice is needed, have product container or label at hand.</b>   |  |  |                             |                                     |  |                                     |
| <b>If swallowed</b>   | Call a POISON CENTRE or doctor/physician if you feel unwell.   |  |                             |                                     |  |                                     |
| <b>If in eye</b>  | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention/advice. |  |                             |                                     |  |                                     |
| <b>If on skin</b>   | Wash with soap and water.  |  |                             |                                     |  |                                     |
| <b>If inhaled</b>   | Remove to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTRE or doctor/physician if you feel unwell or if eye irritation persists.       |  |                             |                                     |  |                                     |
| <b>Storage and Segregation Requirements</b>   |  |  |                             |                                     |  |                                     |
| General:  | Store in a dry cool place away from foodstuffs. Do not carry more than 3kg on a passenger service vehicle.   |  |                             |                                     |  |                                     |
